أما بعد...

- Allah has given success to your brothers the mujahidin in Jamaat Ansar Bayt Al-Maqdis on Thursday night 26 Shaban 1434 A.H. in launching two Grad rockets against the occupied city of Umm Al-Rashrash (Eilat), the two rockets targeted the fuel tanks and a residential area in the city, and severe explosions were heard that terrorized the enemies of Allah the Jews which forced them to flee to their shelters defeated with the grace and might of Allah, and the Jews deliberately covered up what happened and concealed their losses as usual but you cannot hide the sun with a sieve.
- In this regard we inform the Jews that our attacks against them and our jihad won't stop at any circumstances and that the conditions in Egypt which the Jews have an upper hand in inciting it will never stop the wheel of jihad rather with the aid of Allah it will raise the morale and determination to work to support this religion and implement the Sharai of our Lord to be indeed Godly Islamic not democratic or secularist and soon everyone will hear what will please the friend and annoy the enemy.

And Allah is the master of His affair, but most people do not know
